

# **JOIN BUILD LEBANON TRAILS**

**Saturday, July 8**  
**Meet at Mark Slough - 9:00 AM**

**Please join Build Lebanon Trails on Saturday, July 8<sup>th</sup> at the Marks Slough Trail parking lot on Tennessee Rd opposite the water treatment plant. We'll be working on the east section of Tennessee Rd on a variety of maintenance tasks to improve the area. Tasks to be done include pick up trash, cut back invasive growth from trail areas, remove English Ivy from trees, clean trail benches, weed trimming, and any other tasks needed at that time. Please dress accordingly with appropriate footwear and if possible, bring along some personal tools of your choice such as loppers, pruning snips, small saws, garden rakes, or string trimmers (gas or battery). We have a limited number of loaner tools available.**

*Build Lebanon Trails (BLT) is hosting five separate workdays during the 2023 calendar year (see below website for details). BLT appreciates and needs help from the public at these workdays, so we are able to keep the trails and parks in good condition.*
